

Access Information for the Binalup / Middleton Beach Festival

Middleton Road is currently closed between Marine Terrace and Adelaide Crescent due to reconstruction works. Alternative routes may need to be taken to reach the event. Please see the map below.

Parking Options

- **Overflow Parking at Wollaston Road:** Located conveniently near the festival area, this is an excellent option for additional parking.
- **Overflow Parking at Eyre Park:** Another nearby parking area, easily accessible for festival attendees.
- **ACROD Parking:** There is disability parking available for people who hold a valid ACROD pass (or equivalent Australian Disability Parking Permit) at the Binalup / Middleton Beach carpark adjacent to the Surf Life Saving Club or along Marine Drive near 3 Anchors Café.

We recommend following alternative routes, planning ahead, and allowing extra time for parking. Signage and traffic management will guide you to the event.

Thank you for your understanding as these important works are carried out.
